

# Toronto 2019

## Counting down to NCCWMA 2019 July 18-21, 2019!

We are building a wonderful and supportive community of volunteers and we are so appreciative. Thank you to our volunteers who have attended training over the past two weeks. We were happy to meet many more of you this weekend. Thank you also to volunteers who have registered for jobs and shifts. We couldn't do this without you.

**There are still some volunteers who have not signed up for Jobs/Shifts Please dont leave this until the last minute. We need you!**

This week's newsletter contains information on training, registering for shifts, making changes to your schedule, and a few phrases to help you warmly welcome our visitors in French and Spanish.

We are pleased to report that jobs are filling up, but we are still looking for volunteers interested in meeting, greeting, and supporting 1106 athletes and supporters representing 32 countries from across North America, Central America and the Caribbean.

Volunteers can choose an area that interests them, but many more volunteers are required to help with water distribution, security, and equipment transport (must have a valid G license, we provide the vehicle).

For this newsletter, we asked our Security Coordinator '**Why volunteer for Security?**' Here's what he told us:

*The role of Security is critical in holding a successful event and we hope you will seriously consider volunteering for this important role. Many people will view the title Security and think, 'not for me' because the very word conjures up visions of people in uniform, telling people what not to do.*

*But that is not the role at all. Security at NCC2019 is all about helping people: helping athletes get to where they need to be to compete, helping people reunite with lost family members, ensuring athletes personal belongings are safe and secure while they are competing and so on.*

*It's a people role, not an authoritarian role. So if you have a friendly and personable demeanour, a polite and approachable manner combined with a commitment to deliver a high level of customer service, please consider Security, it may be just the role for you.*

If you have a friend or family member who might like to join our team of over 250 volunteers, please ask them to contact [susan@wmatoronto2020.com](mailto:susan@wmatoronto2020.com).

## **How to Register for Volunteer Jobs and Shifts in Three Easy Steps**

1. Visit: <https://worldmastersassociation.volunteerlocal.com/volunteer/>
2. Click on the link that says "NCC2019 Jobs and Shifts Sign up Page".

3. You will see the jobs listed by type of job, date, time and location. Please choose a job, then choose the venue and shift for that job.

Upon successful completion, you will receive a confirmation email confirming your job and shift choice.

**Please ensure:**

- you do not register for more than one job at the same time. You may sign up for consecutive shifts that overlap (morning to afternoon) as long as you choose the same job at the same location.
- you choose a location that you can get to. Toronto Track and Field Centre is at York University and is accessible by taking the TTC to Pioneer Subway Station. Varsity Stadium is at University of Toronto, and is minutes from St. George Subway Station (Bedford exit) at 299 Bloor Street West. Tommy Thompson Park is on the Leslie Street Spit and is a short walk from the Pape bus.
